It gives me immense pleasure to introduce the fifth issue of Reflet, the news letter of MES College Marampally. This issue encapsulates the varied activities, both curricular and extracurricular conducted in the college. Only a vibrant campus can accommodate the spirit of youth and their unbridled energy. There are still many unexplored areas and in order to tap the talent, we have to organize more focussed programmes. The college is growing in size and quantity should be sensibly integrated into the demands of quality. I hope and I am very much sure, the next issue would certainly augur new promises.

Heartiest Congrats !
